

Virtual DPG Spring Meeting of the Surface Science Division, 1st - 4th March 2021

Minisymposium: Machine Learning Applications in Surface Science

- including a neural network coding workshop -

Maria Chan
Argonne National
Laboratory

Christian Wagner
Forschungszentrum
Jülich

Milica Todorovic
Aalto
University

Pascal Friedrich
Karlsruhe Institute of
Technology

**Experimentalists and theoreticians promote synergetic
strategies for current and future surface-science
applications**

**Organizers: Stefan Kowarik, University of Graz
Oliver. T. Hofmann, Karin Zojer, Graz University of Technology**
